1. The Soviet manager of the SNV refinery predicts an increasing shortage of gasoline in the Austrian market in the coming weeks, because the entire current output of gasoline is now being shipped to Czechoslovakia and Hungary.*
2. USIA is making a strenuous effort to procure gasoline barrels because of the acute shortage of gasoline storage and shipping facilities in Czechoslovakia and Hungary. Twenty thousand gasoline barrels have been ordered from Bahnbedarf alone.

25X1A

* Comment: The Austrian gasoline shortage is confirmed by other sources including the public press.
